

Aviation Safety in Winter Weather

Topics will include winter weather hazards like adverse wind, turbulence, icing, low ceilings, and precipitation. We'll also discuss types of weather observations and their strengths and limitations, and sources of weather information.

Directions: Enter airport grounds, proceed northwest to Hangar 49.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
